

April 6, 2015

To Whom It May Concern:

We write to confirm employment of Yunying Tu by Amazon Corporate LLC as a Software Development Engineer Intern at our facilities located at 440 Terry Avenue North, Seattle, WA 98109. Yunying's term of employment will commence on 5/19/2015 and is expected to end on 8/7/2015. Yunying will average 40 hours per week and receive a monthly base salary of \$6000.

Amazon is aware that the student's work will be training performed in satisfaction of degree requirements for the student's academic program at USC and that the proposed period of training fulfills the student's academic training requirement and that the training period will not be extended unless an exception is made.

**Responsibilities of SDE Intern:**

- Design, write and test real software while partnering with a select group of experienced software development engineers
- Articulate technical challenges and solutions
- Handle ambiguous or undefined challenges through abstract thinking

**Supervisor:** Ashleigh Potter
